Scholarships and additional Offers for Albanian Students in the Transition Period between Study and Work at Albanian State Universities

Application for an Internship Grant

Application Deadline: 15th of August 2018

The project is funded by the Hessian Ministry of Economics, Energy, Transport and Regional Development.

■ Objective and Implementation

The objective for offering internship grants and scholarships for business start-ups to students in the transition period between study and work is to strengthen the educational elite in Albania, and to ensure a new generation of well-trained specialists. With this scholarship program we want to enable young Albanians to develop a professional future in their home country.

The scholarship is addressed to students at all Albanian state universities, who are in the final stage of their master program (graduation during the winter term of 2018/2019). Applicants from low-income households are granted preferential admission.

Albanian students in Hesse, and Albanians whose applications for asylum have been denied are also invited to apply for the scholarship if they intend to conclude their studies in Albania.

If you already have an interesting internship position or if you are looking for a suitable internship, you can send us your application. The internship should take place between August 2018 and February 2019 and should not last longer than three to six months.

Apart from a monthly grant of 250,00 €, the students or young labour market entrants, respectively, are offered consulting services and coaching in application strategies, labour market entry, internship opportunities, and start-up businesses.

In the course of the scholarship period with a maximum duration of six months, either job application trainings or business start-up coaching will be offered, depending on the type of scholarship you are selected for.

Please note that the internship-period should not exceed the 28 February 2019.

■ Requirements you need to meet

You are an Albanian citizen

- You are in the final stage of your master program at an Albanian state university
or
- You have graduated within the last six months and are now looking to start your professional career
or
- You have either already studied at a hessian university (Germany) or you have lived in Hesse, and are now looking to finish your studies in Albania or start your career there.

■ You have an idea for a business start-up

- **You want to become self-employed and you already have an idea for a business model?**
You just need a few more months to prepare and to put your business idea into action?

and/ or

■ You are planning your career start?

- **You would like to start an internship and you have already found a position?**
With an internship your studies will be supplemented by important practical experience. Moreover, you can form professional contacts during your internship, which are very important for your future career.

If you match this description, we will support you with an internship grant and coaching.

■ What we offer

Our grant includes the following offers:

- a scholarship of € 250 per month for a period of 3 to 6 months as well as a participation in one of these training programs:

and

- a seminar during the grant period
 - for career orientation
 - for creating a career plan
 - for training in key competencies

and

- job application training
 - for writing applications
 - for job interviews
 - for job seeking

or

- business start-up coaching
 - incl. first consultation
 - design of a foundation roadmap
 - definition of objectives
 - project structuring
 - action planning and calculation
 - crisis management
